Lawrenceville GA 30043

Michael Graves
Principal @ MG Consulting LLC

A Georgia native, Michael received a Bachelor of Science degree in Architectural Engineering at Southern Technical Institute. He established a career in 1980 spanning 3 decades with a single company. He achieved the positions as the Chief Operations & IT officer and managed the IT, production & architectural departments with Homeland Communities, Falling Water Development & its family of companies.

He established MG Consulting in 2009 after a 27 year career with one of Atlanta's largest land developer, light commercial & residential homebuilder. He has extensive knowledge with regards to all aspects within the residential, light commercial & land development industries, including construction management, architectural design, estimating, purchasing, accounting & operations. He maintains a registered GA Builder's License RLQA002989 with the Georgia Secretary of State's office & has been a professional member of the Southern Building Code Congress for 20 years.

MG Consulting LLC provides its customers with Enterprise IT solutions, management & support along with architectural designs & consulting services. MG Consulting has currently partnered with Parkside Properties, Allen & Associates & Zodego Construction LLC providing design, construction & real estate services for the Atlanta & North Georgia areas.
